

**ZORA.**

This is a good hospital.

**PILAR.**

They're nice.

**ZORA.**

You look good.

**PILAR.**

Thanks.

I mean.

I don't think you'd tell me otherwise but—

**ZORA.**

I wouldn't say anything.

**PILAR.**

Yeah you wouldn't.

How are the bees?

**ZORA.**

We don't have to talk about that.

**PILAR.**

So it's bad.

**ZORA.**

We're running more tests.

You never know.

**PILAR.**

Positive thinking

**ZORA.**

Something like that.

**ZORA.**

So you—

**PILAR.**

Yeah—

**ZORA.**

You said you have good news.

**PILAR.**

Yes.

So—I figured out—

How we can test my hypothesis.

**ZORA.**

?

**PILAR.**

You're going to want to say no.

But you have to say yes.

**ZORA.**

What / hypothesis?

**PILAR.**

The intentions—

I have the right intentions—

**ZORA.**

You—

**PILAR.**

And my cancer—

It's stage four now.

The same as CeCe when she died.

I'm a match.

It will be like when CeCe came—

And offered herself.

So I need to get to the front of the line.

You can do that, right?  
From upstairs?

**ZORA.**  
What?

**PILAR.**  
I filled out all the forms,  
But there isn't time—  
The waitlist / is—

**ZORA.**  
What are you talking about?

**PILAR.**  
Would you come with me?  
You don't have to watch, but I thought—

I don't have anyone else I could—

And I have to do this before.....  
I don't want to be in the hospital—

**ZORA.**  
Hold on—Pilar, you gotta—

**PILAR.**  
This is my hypothesis.  
What if, right?

**ZORA.**  
No "what if."  
There's no "what if" anymore.

**PILAR.**  
But I'm a match.  
I'll do this, and then you can test it—  
You can see—

**ZORA.**  
Pilar I'm not going to let you kill yourself / just because—

**PILAR.**  
You've let everyone else kill themselves.

**ZORA.**  
That's different.

**PILAR.**  
How?

**ZORA.**  
We—  
It—  
We went too far.

**PILAR.**  
The other bodies weren't a match.  
And I'm a match.

**ZORA.**  
It was too far.

**PILAR.**  
The intentions—and the cancer—  
I can fix it.  
That's what I'm trying to / tell you—

**ZORA.**  
I am not going to let you / do this—

**PILAR.**

And if the bees take me,  
They'll take you too.

**ZORA.**

Enough—

**PILAR.**

Because you're a match.  
Right?

When you first arrived, I kind of suspected.  
Leaving Townsend.  
The Quaker meeting—

**ZORA.**

Listen to me—

**PILAR.**

I should have asked / you—

**ZORA.**

You're going to finish this round of treatment  
And you're going to get back to work with me.

**PILAR.**

I've already decided—

**ZORA.**

You're not going anywhere.

**PILAR.**

I can fix the curse.  
I have to offer / myself—

**ZORA.**

This isn't a curse.  
This is you feeling sorry for yourself.

**PILAR.**

We have to do something—  
We can't let them die like this—

**ZORA.**

The bees aren't taking anybody right now.

**PILAR.**

We haven't been talking to them.

We have to share with them—

**ZORA.**

You need to rest, okay?  
I'm gonna get the nurse in here.

**PILAR.**

We have to tell them—  
Be there with them—  
They want to talk to us—

They don't want to be alone anymore—
