

Hey.

EDEN AS MOM

I'll leave you boys to get to know each other. Saul, this is Aaron's birthday, so you get a cupcake to celebrate. (She hands him a cupcake and leaves the immediate vicinity, returning to her role as EDEN).

AARON

(still holding a cupcake) So what's your story?

LUCAS AS SAUL

I don't have a story.

AARON

I mean, where did you come from? What happened to your parents?

LUCAS AS SAUL

I dunno. Never had any. (he crams his whole cupcake into his mouth and throws the paper on the floor).

AARON

(bending over to pick up the paper, still holding his own cupcake). We don't throw stuff on the floor here. Trash is over there.

LUCAS AS SAUL

Looks like trash is right here. (he looks straight at Aaron, grabs Aaron's cupcake and stuffs it into his mouth, throws the wrapper on the ground, pushes Aaron down and runs off. When he exits the scene, he becomes LUCAS again, with Eden at the chairs. They watch child Aaron's reaction to Saul's offense. An upset Aaron looks where the wrapper fell for a moment before standing up, returning to his upstage chair and sitting in it).
